Sulzer Pumps

## Original Spare Parts for Warren Pump Types PL/PH, 3000 Series and DTB/DLB

The Heart of Your Process

# Original Spare Parts for Warren Pump Types

In 2000, Sulzer Pumps acquired all design and manufacturing technology related to several Warren Pump types. Since then it has been the exclusive manufacturer for the Warren Pump types listed herein. Sulzer Parts Processing Center in Easley, South Carolina, is part of the global Sulzer Corporation, and the exclusive OEM parts provider for these Warren Pump types. The Sulzer Customer Support Services team quickly responds to any need for Warren Pump types, including replacement pumps or parts, field service, technical assistance and upgrades. Sulzer is committed to ensuring the reliability and optimum performance of your Warren products.

## Sulzer's Warren Pump type line includes:

- PL/PH
- E LINE
- SME/SMO
- DTB/DLB
- 3102, 3202, 3302/3320 series
- Other models: DB, DL, DM, SOD, and others

## Parts Availability

Extensive stocking of standard items, teamed with our advanced shipping logistics system contribute to rapid response and delivery of parts and/or assemblies.

A complete range of OEM parts is available through the Sulzer Parts Processing Center, including:

- Pump casings (or casing assemblies for the DTB/DLB)
- Impellers
- Backheads
- Sideplates
- Bearing housings
- Shafts
- Shaft sleeves
- Bearings
- Gaskets
- All types of fasteners

### Sulzer Pumps Manufacturing Capabilities

The Sulzer Parts Processing Center in Easley, South Carolina, is located within a 90,000 square foot complex dedicated to the highest quality pump manufacturing and repairs in the world.

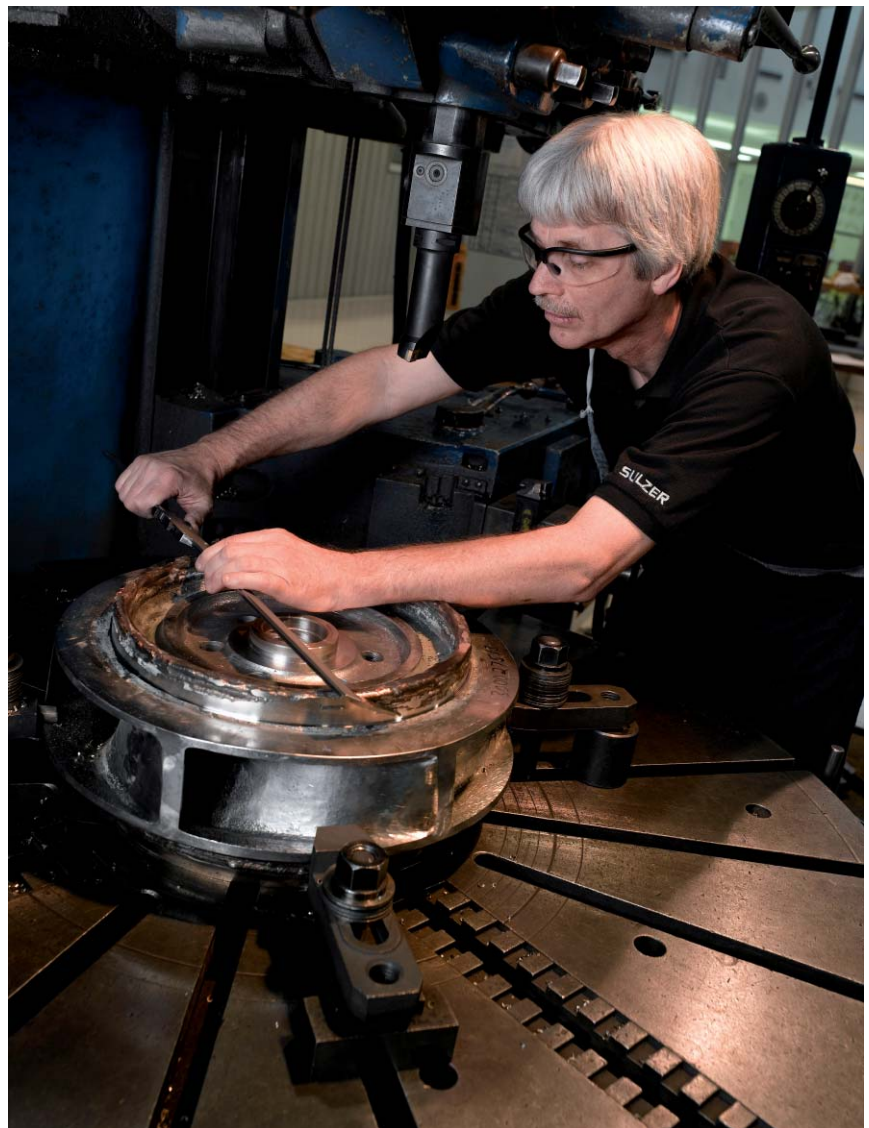

- State-of-the-art manufacturing facility
- Widest range of machine tools available
- Expansive inspection and assembly areas

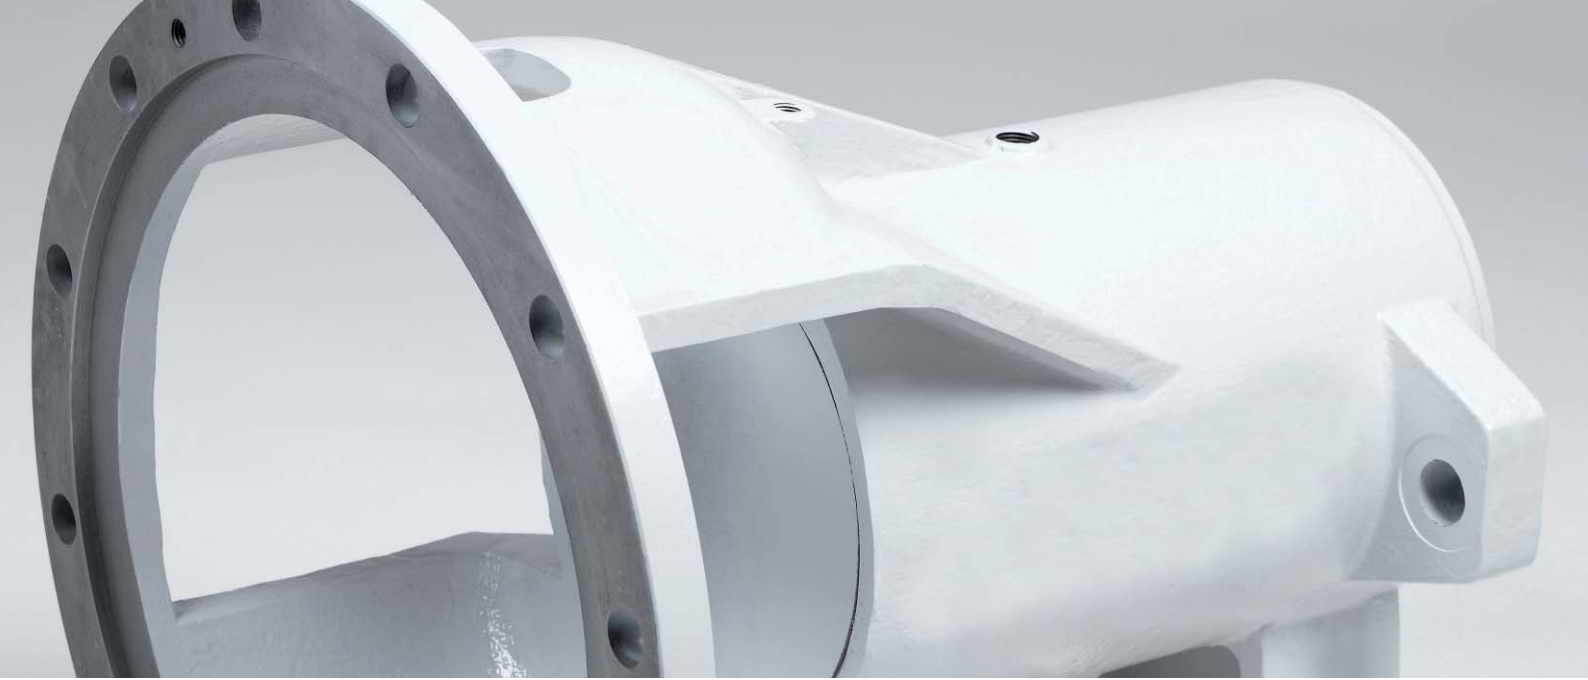

### Fast and Reliable Delivery

Sulzer original parts are machined to the correct profiles, tolerances and clearances, to give a consistently perfect fit. This brings the following benefits to our customers:

- Faster maintenance with less downtime
- Reduction of spare part inventories
- Better equipment performance
- Parts traceability and compliance

Don't settle for imitations. Ensure the performance of your plant by demanding original Warren Pump type parts and pumps. Call Sulzer Process Pumps today for Warren Pump repairs, service, OEM parts or replacements – 888-343-4348, toll-free.
